Списък на публикациите включени в конкурса

за доцент на

Ели Георгиева Григорова

1. M. Khrussanova, **E. Grigorova**, I. Mitov, D. Radev and P. Peshev- "Hydrogen sorption properties of Mg-Ti-V-Fe nanocomposite obtained by mechanical alloying", J. Alloys and Comp., **Vol. 327** (2001) 230-234

2. J.-L. Bobet, **E. Grigorova**, M. Khrussanova, M. Khristov, D. Radev, P. Peshev- "Hydrogen sorption properties of nanocomposite Mg- $Mg_2Ni_{1-x}Fe_x$", J. Alloys and Comp., **Vol. 345** (2002) 280-285

3. J.-L. Bobet, S. Desmoulins-Krawiec, **E. Grigorova**, F. Cansell, B. Chevalier- "Addition of nanosized Cr_2O_3 to magnesium for improvement of the hydrogen sorption properities", J. Alloys and Comp., **Vol. 351** (2003) 217-221

4. J.-L. Bobet, **E. Grigorova**, M. Khrussanova, M. Khristov, P. Peshev- "Hydrogen sorption properties of the nanocomposite 90wt% Mg_2Ni-10wt% V", J. Alloys and Comp., **Vol. 356-357** (2003) 593-597

5. M. Khrussanova, **E. Grigorova**, J.-L. Bobet, M. Khristov, P. Peshev- "Hydrogen sorption properties of nanocomposite Mg-$Mg_2Ni_{1-x}Co_x$ obtained by mechanical alloying", J. Alloys and Comp., **Vol. 365** (2004) 308-313

6. J.-L. Bobet, **E. Grigorova**, M. Khrussanova, M. Khristov, P. Stefanov, P. Peshev, D. Radev- "Hydrogen sorption properties of graphite modified magnesium nanocomposite prepared by ball milling", J. Alloys and Comp., **Vol. 366** (2004) 298-302

7. **E. Grigorova**, M.Khristov, M.Khrussanova, J-.L.Bobet, P.Peshev- "Effect of the additives on the absorption-desorption properties of mechanically alloyed composites based on Mg and Mg_2Ni", Int. J. of Hydrogen Energy, **30** (2005) 1099-1105

8. J.-L. Bobet, **E. Grigorova**, B. Chevalier, M. Khrussanova, P. Peshev- "Hydrogenation of CeNi : hydride formation, structure and magnetic properties", Intermetallics **14** (2006) 208-212

9. **E. Grigorova**, M. Khristov, M. Khrussanova, P. Peshev,"Addition of 3d- metals with formation of nanocomposites as a way to improve the hydrogenation characteristics of Mg_2Ni" J. Alloys and Comp., **414** (2006) 298-307

10. M. Khrussanova, Ts. Mandzhukova, M. Khristov, **E. Grigorova**, P. Peshev, "Hydrogen sorption characteristics of a Mg_2Ni, V and Ti containing nanocomposite prepared by mechanical alloying", Bulg. Chem. Commun., **39** (2007) 60-64

11. M. Khrussanova, **E. Grigorova**, Ts. Mandzhukova, M. Khristov, J.-L. Bobet, P. Peshev, "Hydriding kinetics of the composites 85 wt.% Mg–15 wt.% $Mg_2Ni_{1-x}Co_x$ obtained by ball milling" Bulg. Chem. Commun.*,* **39** (2007) 123–127

12. M. Khrussanova, T. Mandzhukova, **E. Grigorova**, M. Khristov, P. Peshev, "Hydriding properties of the nanocomposite 85wt.% Mg-15wt.% $Mg_2Ni_{0.8}Co_{0.2}$ obtained by ball milling", Journal of Materials Science, **42** (2007) 3338-3342

13. Ts. Mandzhukova, M. Khrussanova, **E. Grigorova** , P. Stefanov, M. Khristov, P. Peshev, "Effect of $NiCo_2O_4$ additives on the hydriding properties of magnesium" J. Alloys Comp.*,* **457** (2008) 472-476

14. **E. Grigorova**, M. Khristov, M. Khrussanova, P. Peshev, "Hydrogen sorption characteristics of the composites 90 wt.% Mg (MgH_2)-10 wt.% $V_{0.855}Ti_{0.095}Fe_{0.05}$" Journal of Materials Science, **43** (2008) 5336-5341

15. **E. Grigorova**, Ts. Mandzhukova, M. Khristov, P. Tzvetkov, B. Tsyntsarski "Investigation of hydrogen storage properties of magnesium based composites with addition of activated carbon derived from apricot stones", Bulg. Chem. Commun., (2010), **Vol. 42**, 70-74

16. **E**. **Grigorova**, M. Khristov and M. Khrussanova, "Hydrogen Sorption Characteristics of Magnesium-Based Composites with addition of $Mg_2Ni_{0.7}Co_{0.3}$ and graphite", Central European Journal of Chemistry, **Vol. 8** (2010) 737–743; DOI: 10.2478/s11532-010-0040-0

17. **E.Grigorova**, Ts. Mandzhukova, B. Tsyntsarski, T. Budinova, M. Khristov, P. Tzvetkov, B. Petrova, N. Petrov, "Effect of activated carbons derived from different precursors on the hydrogen sorption properties of magnesium", Fuel Processing Technology, **Vol. 92** (2011) 1963-1969

18. Mandzhukova T., **Grigorova E.**, Khristov M. , Tsyntsarski B. “Investigation of the effect of activated carbon and 3d-metal containing additives on the hydrogen sorption properties of magnesium” Materials Research Bulletin **Vol. 46** (2011) 1772-1776

19. **E. Grigorova**, Ts. Mandzhukova, M. Khristov, B. Tsyntsarski and P. Tzvetkov “Effect of activated carbons derived from agricultural by- products on the hydrogen storage properties of magnesium”, Bulg. Chem. Commun. manuscript No 3100/15.02.2011 *in press*

Заб.Общият брой пуликации в които съм съавтор е 21.
